### ATO will inform certain tax agent clients their information is "Tax ready"

If tax agent clients' employers report through Single Touch Payroll (STP) and the clients are linked to ATO online services through myGov, the ATO will send them a myGov Inbox message to let them know that their end of year payment summary (income statement) has been marked by their employer as "Tax ready" and can be used in their tax return and they can access their income statement in ATO online services through myGov, or the tax agent can give them the information.

If tax agent clients do not already have myGov accounts, agents should let them know they do not need one for the agent to lodge their tax return. Tax agents can access their employment data and lodge for them once their information is "Tax ready".

### Top mistakes to avoid this tax time: ATO

The ATO has revealed some of the most common mistakes people make at tax time. Top mistakes include lodging before all prefill data is available or failing to report all income and claiming the wrong thing – work-related expenses is one area where people commonly make mistakes. To help taxpayers work out what they can claim, the ATO has developed 30 occupation guides for specific occupations; forgetting to keep receipts; and claiming for something never paid for.

### Pension deeming rates cut from 1 July 2019

The Government has announced that it will lower the social security deeming rate from 1.75% to 1.0% for

financial investments up to \$51,800 for single pensioners and \$86,200 for pensioner couples. The upper deeming rate of 3.25% will be cut to 3.0% for balances over these amounts.

The Minister for Families and Social Services, Senator Anne Ruston, said the changes would benefit about 630,000 age pensioners and almost 350,000 people receiving other payments. Under the new rates, age pensioners whose income is assessed using deeming will receive up to \$40.50 a fortnight for couples, \$1053 extra a year, and \$31 a fortnight for singles, \$804 a year.

The reduced deeming rates have been backdated to 1 July 2019. Any additional pension payment will flow through into pensioners' bank accounts from the end of September 2019 in line with the regular indexation of the pension.

### Personal tax cuts Bill passed without amendment, now law

The *Treasury Laws Amendment (Tax Relief So Working Australians Keep More Of Their Money) Bill 2019* fully implements the personal tax cuts measures announced in this year's 2019-20 Federal Budget. Starting immediately, low and middle income earners with an income up to \$126,000 will receive up to \$1,080 in low and middle income tax offset (LMITO), or \$2,160 for dual income couples, with the increased tax relief to apply from the 2018-19 income year.

As a result of the amendments, the Treasurer said around 94% of Australian taxpayers are projected to face a marginal tax rate of 30% or less in 2024-25.

## **STP reporting irregularities: ATO contacting businesses**

The ATO has advised tax agents that it is currently emailing Single Touch Payroll (STP) enabled employers who have either ceased reporting for over 45 days; or have submitted employees under multiple payroll or BMS IDs. Some of these businesses may be tax agent clients. These reporting irregularities may cause their employees to see incorrect, incomplete or multiple entries in their income statements.

## **Employees guide for work expenses: ATO**

The ATO has released an employees guide for work expenses to help employees decide whether their expenses are deductible, and what records they need to keep to substantiate them. The Guide says that not all expenses associated with employment are deductible and also debunks some myths about work expense deductions.

## **FBT, taxi travel and ride sourcing – ATO clarifies**

For businesses, taxi travel by an employee is an exempt benefit if the travel is a single trip beginning or ending at the employee's place of work. The ATO says taxi travel can also be an exempt benefit if it is a result of sickness or injury.

For Not-For-Profits, depending on the type of NFP organisation, certain benefits they provide to employees may receive concessional treatment from FBT. However, some benefits may be exempt from FBT altogether.
